PROFESSIONAL SUMMARY

MCA graduate with **6 months of hands-on internship experience** in **Full Stack Web Development**. Proficient in **Node.js, TypeScript, and React.js**. Built **2 projects** involving **REST APIs, PostgreSQL, MySQL, and React.js**. Seeking to leverage skills as a **Junior Software Developer / Backend Developer** to contribute to a fast-growing product or technology team.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, TypeScript

Frontend: React.js, HTML, CSS

Backend: Node.js

Databases: MySQL, PostgreSQL, SQL, Prisma ORM

Core Concepts: Object-Oriented Programming (OOP), Data Structures and Algorithms (DSA)

Tools and DevOps: Git, GitHub, Docker, Postman, VS Code

INTERNSHIP EXPERIENCE

Software Developer Intern | Flip Health India Pvt. Ltd.

Jan 2026 – Jun 2026

Tech Stack: Node.js, JavaScript, TypeScript, React.js, Git, GitHub, Docker, Postman, VS Code

- **Developed and maintained REST APIs** using Node.js and TypeScript, supporting core backend functionality across health-tech product modules.
- **Built interactive frontend components** using React.js, improving UI consistency across product modules and reducing user-reported interface bugs by.
- Collaborated within an **Agile team of developers**, using Git/GitHub for version control and code reviews, maintaining feature branches and delivering bi-weekly releases.
- **Containerized application services** using Docker, cutting environment setup time by and ensuring consistent deployments across development and staging.
- Used **Postman** to test and validate API endpoints, catching critical bugs pre-release and reducing production defects.

PROJECTS

Online Examination System

Tech Stack: TypeScript, React.js, Node.js, PostgreSQL, Prisma ORM

- **Architected a full-stack web-based examination platform serving 200+ students** using TypeScript and React.js, with uptime during test sessions.
- **Designed and implemented RESTful APIs** with PostgreSQL and Prisma ORM, managing exam scheduling, user records, and results with response times.
- **Implemented Role-Based Access Control (RBAC)** across roles (Admin and Student) and protected modules, eliminating unauthorized data access.
- Designed a **responsive UI with exam workflow screens**, including real-time exam states, countdown timer, and auto-submission, reducing drop-off.

Movie Booking App

Tech Stack: TypeScript, Node.js, React.js, MySQL

- **Developed a CRUD-based movie ticket booking system with** (browse, book, update, cancel), supporting concurrent users with zero data conflicts.
- Integrated **MySQL** with relational tables for structured storage, with TypeScript ensuring type-safe interactions and cutting runtime errors.
- **Built a React.js frontend** with interactive screens including seat selection UI, reducing booking steps.

EDUCATION

Vidyasagar University

Master of Computer Applications (MCA) • CGPA: 8.7 / 10

Sep 2024 – Jun 2026

Midnapore, India

Burdwan Raj College

Bachelor of Computer Applications (BCA) • 75.35%

Aug 2021 – Jun 2024

Burdwan, India

CERTIFICATIONS

- **Introduction to Artificial Intelligence** – IBM Springboard
